JANET, ageless female, looking over the side of the ship down at earth. She jumps off the side of the ship hold a skateboard and enters earths atmosphere fast as fuck. As she gets closer to the ground a prehistoric planet appears. She proceeds to grind from the head down the spine of a Patagotitan mayorum, grabbing it by its tail and lifting it back up to space with her. As she gets into space she drops the dinosaur and it falls to earth turning into the asteroid that killed the dinosaurs. She lands gracefully back on the ship to a stunned crowd of on lookers.

to get signal.

BOOKIE

(Looking at his cell phone)

BOOKIE
(Looking surprised)
Ain't that bad tho, what kinda animal was this?

SHAMEKA
(Taking a bite licking her fingers)
Hmm...when we get the WiFi set up I'll find out.

LYNNZEE
So we just suppose to sit and wait?

SHAMEKA
Pretty much, try to not mess with the evolutionary process too much and in like 66 million years There should be enough nitrogen oxide for us to fully inhabit it.

LYNNZEE
why are we here so early?

SHAMEKA
The first wave is just infrastructure, we're setting the groundwork for a

mammal similar to us that can provide the compounds of chemicals we need to put a hole in the ozone layer for us. They not gone evolve for a minute though.

BOOKIE

Janet saved us a grip of time with that stunt she pulled so I guess we ahead of schedule

They glance outside to see beams of energy projecting from the pyramids.

BOOKIE (CONT'D)

And we back online, yall know Janet gone wanna debrief...

Everybody phone goes off, Bookie hops off the counter and start walking towards the landing site where the crew is meeting. As they walk up they hear Janet talking

JANET

I know my methods may have been a tad... unconventional But my heart was in the right place.

A wave of murmurs sweeps through the room. Some crew members roll their eyes some Seem reluctantly convinced. Others Can't help but to look impressed.

CREW MEMBER #1

a skateboard?

Janet looks at her like shit the fuck up

JANET

Anyway.... we off for a few years, welcome

The crew disperses, Bookie walks up to Janet

BOOKIE

(Smiling)

A skateboard tho?

JANET

Had to make an entrance

As Shameka walks towards them, it cuts to the whole crew watching in amazement As an object comes closer. Energy from the pyramids react to it forming a grid around the planet.

SHAMEKA
Now we online.

JANET
I guess we can go inside and kick it.

The three walk towards the pyramids.

INT. PYRAMIDS

A sped up scene of them watching the cartoons and doing normal shit. The camera cuts outside to the sun going up and down fast as fuck. During this I want a montage of mammals turning into early humans and the lizards evolving into the lizard people. One morning Janet wakes up while everyone is sleeping and heads outside the pyramids to what is developing into a new world.

EXT. EVOLVING EARTH

Janet walks out the pyramid yawning looking amazed at the progress the planet has made. She puts in her ear buds to a country song, The camera trials her to a dense jungle as she explores her surroundings. she comes across a clearing and curiously follows it. The clearing leads to a crack in the side of the earth. She silently creeps into the cave and begins to notice flickers of light. She reaches for her gun as she comes to an opening to witness the lizard people having a blood ceremony. Noticing she's out numbered she begins to head back to the opening when a pair of glowing red eyes appear in the dark. She shoots towards it direction but it moves quickly counter attacking knocking Janet to the ground, as she falls one of her earbuds fall out bringing in half of the creepy sounds from the lizard ritual in one ear while music plays in the other. She lunges to her gun and turns and shots the threat. She gets up and runs out the cave. On the way back to the pyramids she runs into Bookie and runs up and hugs him.

BOOKIE
I missed you too

JANET
I just seen some ...I don't know lizard niggas

BOOKIE
Lizard niggas

JANET
Yeah, like them things I killed but
like us

BOOKIE
Did you find some weed?

JANET
(Showing scratches)
Nigga I'm serious, they was having a
ritual or some shit. I was on my way
to come get y'all and one of them
hopped out on me.

BOOKIE
Where they at?

JANET
Back this way, but there's a lot of
them we gone need some help

BOOKIE
If you killed one with a skateboard we
should be cool.

JANET
(Grabbing bookie arm as he walks
away)
This..this is something different

BOOKIE
(Pulling out his gun)
Let's go check it out

They walk back towards the cave, Janet with her arms crossed
confused, thinking about what happened, bookie Following
close behind having a mundane conversation basically to
himself.

BOOKIE (CONT'D)
And I was one point away from a 7 play
parlay

EXT. OF CAVE

JANET
It's right here

BOOKIE
 (Walking into cave cutting on
 flashlight)
 That nigga victor waybaymway or
 whatever, I would've been up 250000
 smeckles.

Janet lingers at the entrance Clearly disturbed of the memory
 of what she saw. She checks her gun, exhales sharply And
 follows bookie into the cave eyes nervously darting around.

INT. CAVE

Bookie flashing his flashlight around

BOOKIE
 (Turns around and flashes light in
 Janet face)
 I thought you said you seen some
 lizard niggas?

JANET
 (Pushing the light out her face)
 Cuz I did. Pay attention there was a
 grip of them right here.

BOOKIE
 (Points the light to where she
 pointing)
 Where?

The blood ceremony is now gone. The once glowing Carvings on
 the ground are now dark, the alter is empty. The blood stains
 and flickering lights have been replaced with damp rocky
 walls. Janet Looks around visibly frustrated and confused.

JANET
 They was right here

DXDRRR
 (Where motion)
 (JANET The The drrrrdrftfttdtttttf)
 (Pointing to specific spots)
 It was all right here, Some kinda
 alter, and a grip of fucking blood,
 they was chanting some creepy ass
 shit.

BOOKIE
 We can just ask Shameka...

JANET

(Stomping towards the entrance of the cave)

I don't give a fuck about what scientist bitch gotta say. I know what the hell I saw. You think I'd fuck myself up like this for no reason?

BOOKIE

(Leading the way now)

Anyway, that nigga gone hit a free throw with 12 seconds left

BOOKIE VOICE TRAILS OFF AS JANET CATCHES A QUICK GLIMPSE REDESAR OF RED EYES GLOWING IN A DARK CORNER BEFORE IT CLOSES A SECRET DOOR. THE TWO WALK BACK INTO THE SUNLIGHT. BOOKIE GLANCES AT JANET'S BRUISES. REDSDDDSDD

BOOKIE

I wish I was there I would've...

JANET

(Grabbing his arm)

Yo skinny ass wouldn't of did nothing

BOOKIE

(Glancing in the distance behind her)

What's that?

A monkey humanoid creature Moves clumsy but oddly deliberate around a pile of dry leaves using a crude stick awkwardly trying to start a fire. After a few failed tries, it screeches in frustration and sniffs the air, unaware of Janet and bookie. Janet looks at bookie like he better not ask if that's what she saw.

BOOKIE (CONT'D)

Aight boss lady, Let's get back to the the spot, before they think we out here making babies.

Janet rolls her eyes and pushes past bookie. It cuts back to the monkey trying to start a fire. Spark. Fade to Janet's cell phone screen.

INT PYRAMID

Janet on Google searching for lizard nigga, a band comes up.

SHAMEKA
(Noting Janet's mood)
What's wrong with her?

BOOKIE
She probably tired

LYNNZEE
You probably made her tired yall was

BOOKIE
Shit I wish, we went to go look for

BOOKIE

SHAMEKA
(Looks at Janet with belief)
What yall see?

BOOKIE
Not a fucking thing, not even the 1st

explorer wanna go explore and shit

Bookies voice trails off as Shameka looks at Janet with
concern

SHAMEKA
Shut up, just shut the fuck up

BOOKIE
Yeah this broad had me all out one
woods

Janet and Shameka intensely lock eyes for a moment as Bookie continues to talk in the background. All the sudden a voice comes over the intercom instructing all the crew members to the control room for the "daily" debriefing. The camera follows the crew into a room with a hologram projector in it with the council sitting down.

COUNCIL MEMBER 1

Good morning crew members

JANET

What's the deal

COUNCIL MEMBER 2

Well aren't we perky today? Look at our Brilliant pioneers. Youve made fantastic progress.

COUNCIL MEMBER 1

Especially you Janet. You're little... improvising was quite impressive.

JANET

I thought we was sent here to innovate.

COUNCIL MEMBER 3

And innovate you did. But as impulsive as you are we're still proud of you.

COUNCIL MEMBER 1

(Scrolling thru an iPad and showing the crew the fun and lazidisical stuff they been doing since their arrival on earth in a hologram)

Nonetheless, we see you guys been extremely busy. It's remarkable really, yours adapting in ways we couldn't predict. And bookie,

(Scrolling through his browser history)

Big booty Latinas, Etc

BOOKIE

Glad I could entertain yall. I ain't to please.

The council chuckles in unison. The sound is hollow and unsettling.

COUNCIL MEMBER 1

Now about the timeline. You're ahead of schedule, which is commendable, but that means we need the pyramids fully operational in the next 48 hours. Any delays will not be tolerated.

The hologram flickers off abruptly, leaving the room in an awkward silence.

SHAMEKA

(Whispering to Janet)

What's their deal? That was weird

JANET

That's not weird.... They up to something

Janet and Shameka leave with the group continuing their conversation.

SHAMEKA

What was going on with you and Bookie earlier, he said you seen something

JANET

It probably was nothing

SHAMEKA

Oh so no lizard niggas or nothing like that?

JANET

Nope

Shameka grabs Janet's hand and walks to the forest

SHAMEKA

Come with me

EXT. SECRET GROTT0

Shameka leads Janet down a narrow path. The moonlight bathes the clearing in a silvery flow. Fireflies zip by creating a faint sparkling effect. The faint hum of a waterfall grows louder as they approach.

SHAMEKA

I remember we use to sneak off in school to go smoke

JANET

Well, I was smoking, you only hit the blunt like 2 times.

SHAMEKA

I was there for the rush. You use to get me in so much trouble

JANET

You loved it

SHAMEKA

Loved being grounded and getting my ass whipped..yeah

JANET

Like I said... you loved it

SHAMEKA

You always been trouble

JANET

I always been misunderstood, Shameka where we going?

SHAMEKA

(Hitting a vape pen doing smoke tricks)

I miss this, not the sneaking but you

JANET

Oh yeah

SHAMEKA

Yeah

The pair stops in the moonlight and glance in each others eyes before Shameka starts running off taking off her clothes. Janet runs behind her to see her diving in a "magic grotto" Janet skids to a stop at the edge to watch Shameka resurface, her laughter echoing in a serene space.

SHAMEKA (CONT'D)

(Splashing water at Janet)

Come in.. you scared to get ...wet

JANET
(Taking off her boots)
You ain't never seen me scared

janet strips down to her underwear and jumps in the water and resurfaces next to a floating Shameka. They are both surrounded by glowing flowers And faintly luminous fish swimming beneath them.

JANET (CONT'D)
This shit feel good

SHAMEKA
I knew you'll like it

JANET
(Splashing Shameka)
It's alright

Both laughing and playing in the water. Shameka dives and swims through a hole that leads to a cave. Shameka hits her vape pen and do smoke rings.

JANET (CONT'D)
(Resurfacing and swimming towards Shameka)
Oh you really tryna impress me

SHAMEKA
bitch please

JANET
You always knew how to sweet talk me

Janet climbs out the pool and sits next to shameka. They both lay there staring at the sky thru the opening.

SHAMEKA
It makes me feel so small

JANET
What

SHAMEKA
The bigger picture of things,

I'll complete this dialogue later

Bookie looking down at Janet and Shameka from above the cliff.

BOOKIE

The fuck are yall doing? yall ain't hear them people say they wanted them pyramids running before this shipment get here? Team leader and scientist bitch. There's a lot of scientific shit that need to be lead going on and yall swimming....

Bookie sits down eating some chips

JANET

It's all a joke love, Happiness, purpose, they're all just carrots on a stick To keep you moving

SHAMEKA

listening to Janet and Shameka)

JANET

SHAMEKA

Bookie walking off mummeeing to himself. And trips over some
tree roots or something. Shameka Janet bust out in laughter.

BOOKIE
Fuck

SHAMEKA
Come on, let's go help this man before
he kill's himself before you get to

JANET
I hope his ass get lost

Shameka and Janet swim to the edge of the grotto and climbs
out. Shameka Laughs softlys but she freezes mid motion she
notices a rustle in the bushes. A figure catches her eyes. As
she tilts her head in couristy the dark figure mimics her
moves. The sudden sound of Janet's voice Jolts Shameka as the
creature vanishes instantly. The rustling of the leave
intensifies momentarily, as if something darted away at an
impossible speed. Shameka blinks and turns her head to Janet
Who is sitting down oblivious As she adjusts her laces.

JANET (CONT'D)
(still tying her boots)
Shameka...Shameka. You ain't hear me? I
said we should paint out toes and shit
like that when we get back. Some girls
night shit. We can find some movies

Shameka stares back at where the figure was standing

JANET (CONT'D)
(Standing now brushing off her pants)
i need some dick, Shameka, you good?

SHAMEKA
(Yanking on her shirt trying to remain calm)
Yeah...yeah I'm cool... let's just.. head back

The women walk away, Janet talking animated. The camera zooms by them back to the lake where the fish have stopped glowing. In the darkness the creature reappears And hisses out Shameka before his glowing eerie eyes blinks and the scene fades to black.

FADE TO BLACK

INT. PYRAMID

The camera pans through Flicking led lights. Everyone is sitting in a circle around the "living room"

NIA

SHAMEKA
(Jumping up to retrieve the cards from the kitchen)
Oh spill or steal, it's like truth or dare but messier.

The creature moves in short jerky burst, freezing then darting faster than bookie can aim at it. It stops at the edge of the water cocking its head at them unnaturally as if it was studying them. Bookie fires his gun and it dodges the shots and heads into the bushes. Bookie grabs Shameka's arm and starts running back to the pyramids. The lizard gives chase, Its movements are chaotic and unpredictable. Climbing trees and leaping between branches. It just doesn't follow them it toys with them, cutting them off and driving them deeper in the forest, Shameka trips over some roots, bookie skids to a stop to help her up.

BOOKIE (CONT'D)

(Smiling)

You alright?

SHAMEKA

(Getting up and darting)

Come on Romeo let's go

The pair continues to run but their progress is stopped shortly by the creature dropping from the canopy Landing a few feet from them. It grins showing rows of sharp teeth and its elongated claws scrape the ground as it savors the moment. Bookie throws at a rock at it and hits him in the head startling it long enough from them to continue running. The creature grabs Shameka leg tripping her. The creature Fork tongue lingers inches away from her face. Bookie charges Tackling it, the camera shifts To rapid, disorienting As the wrestle and comes back to normal when Shameka hits the creature with a branch, startled it runs. The camera follows bookie Kaleb and Shameka to her lab while Janet barks orders to the crew. Janet clears off something to make a make shift counter to perform the autopsy on the lizard nigga.

Kaleb walks away to do some gay shit idk

The lizard nigga lays stretched out, it's dark scaly skin glistening on the space Shameka cleared for it. She immediately begins opening drawers pulling out tools of her trade. Bookie sits down on a close by stool and is instantly obviously bored. Shameka cuts the creature open with a bookieandco letter opener.

SHAMEKA

Yeah it was some weird ritual or something one of em had like a pope robe on, look like they was sacrificing something all sort of shit, why?

SHAMEKA
It just shows signs of awareness, like What was they chanting and sacrificing to?

JANET
Good question

SHAMEKA
(Throwing out guts)
A lot of this is just normal lizard

BOOKIE
Ughhhh

SHAMEKA
(Moves towards the head and cracks
it open)
But its brain definitely developed

weeks
(Picking up Janet scarf)
Oh your scarf

JANET
Ohhh you can keep it

SHAMEKA
(Starts scooping the guts and
Janet's scarf back into the
lizard niggas cavity)
they're already walking upright and
talking what's next?

INT MEETING PLACE

Janet Barking orders at the crew Trying to strategize their
next move while the group playfully tease her. Chatting in
the background

NIA

So what the fuck bro

JANET

I don't know BRO, I was trying to tell yall about these mfs forever ago and yall was all hee heeing and kikiing instead of preparing

TINY

How can we prepare. We didn't come here to deal with nothing like that

JANET

Bitch.. you shut up

SHAMEKA

I think what Janet is trying to ummm.. convey ..is that It looks like we might have a little extra work cut out for us

NIA

We

PORTIA

Right, I'm a communications engineer

JANET

Well, communicate to these hoes to get the defensives together, they got home field advantage and aint no telling how many of those things are out there.

The crew begrudgingly disperse mummb insults to Janet

JANET (CONT'D)

I don't give a fuck

SHAMEKA

Thank you ladies, Kaleb and Bookie

Janet and Shameka walk in another direction Towards the makeshift lab where they was doing the autopsy.

JANET

(Mocking tiny)

How could we have prepared for that..
Blah blah blah

SHAMEKA

JANET
 (Looking at a Bookieandco watch)
 I'm serious tho, I told them bitches
 about that centuries ago... where's your
 science project?

The table the lizard nigga was laying on is now empty,
 Instead a strange cryptic symbol is carved into the table.

SHAMEKA
 (Outlining the symbol with her
 finger)
 I don't know, check the camera feed

JANET
 (Walking closer to see what
 Shameka is looking at and pulling
 out her phone)
 I seen this before, on the cave wall.

SHAMEKA
 It looks like someone, well something
 was trying to send a message

JANET
 (Looking at the camera feed on her
 phone, holding it up to Shameka)
 Somethings

Janet holds her phone up to Shameka/the audience revealing
 lizard niggas dressed in robes retrieving their Conrad, as
 they walk out the door one of them Turns and looks directly
 at the camera, just then The feed cuts to static and starts
 skipping

SHAMEKA
 Who the fuck left the door unlocked

JANET/SHAMEKA
 bookie

JANET
 (Dialing a number)
 Get your ass in here

BOOKIE
 (On speaker phone)
 Where's here

JANET
In the fucking office ...autopsy room

BOOKIE
Bet, gimme a minute I'm finna...

JANET
You don't got a minute

Janet ends the call And begins pacing around the room
Muttering to herself, her energy is Restless and irritated.
Shameka is leaning on the desk staring into space.

SHAMEKA
(Staring at the symbol)
They've evolved past self
preservation. They Not just trying to
survive they got a whole structure,
symbols, Rituals

JANET
(Interrupting)
Robes

Bookie walks in

JANET (CONT'D)
What took you so long?

BOOKIE
I was saying gimme a minute I'm finna
finish taking a shit, wassup?

JANET
Do you notice something

BOOKIE
(Reaching out and touching her
hair)
Oh you did something new to your hair

JANET
(Slapping his hand away)
No, I mean yeah, but no

Bookie looks at Shameka where standing by where the body was
still seemingly lost in thought.

BOOKIE
Where's the lizard nigga?

JANET
You left the door unlocked and they
came and got him

BOOKIE
Who?

JANET
The lizard niggas, who else? they gang
signs on the desk all kinda shit

Bookie begins to react to the severity of the situation and
walks towards the desk and looks at the symbol

BOOKIE
What does that mean

SHAMEKA
It means...

JANET
It means were fucked

SHAMEKA
(Softly looking bookie in the eyes)
Basically.

BOOKIE
So what's next?

SHAMEKA
(Pushing herself off the desk)
Janet, you said you seen this carved
in that cave

JANET
Yeah

SHAMEKA
Let's go see if we can find some clues

JANET
What kinda scooby doo shit?? They came
and took all the clue we needed.

SHAMEKA
I'm just saying.. maybe there's a
deeper meaning

JANET
It is deep...deep asf in that desk

BOOKIE
She right, you seen how one of them
things gave us a run for our money
ain't no tell how many of them things
are out there

SHAMEKA
(Walking and picking up a drone)
Quit being scared, we don't even have
to go in, Just get close enough
(Shameka's prepping the drone
looking at bookie and Shameka)
Or we can wait til they come back

JANET
(Snatching up her jacket)

EXT. CAVE

The trio are arriving close to the cave entrance

JANET

SHAMEKA
most reptiles are nocturnal, I wanna
catch em on they best behavior

JANET
(Pointing)
There it go

SHAMEKA
(Preparing the drone to take off)
Uppsy daisy

INT. CAVE DRONE POV

The drone Begins to hover and head towards the entrance of the cave, as it crosses the threshold it becomes the pov of the drone feed. The walls of the cave are damp and covered with similar carvings from the desk faintly pulsing. The faint hum of the drone contrasts with Eerie Distant dripping sounds. The drone Passes through a tight corridor where

various animal remains are scattered about In a ritualistic manner and shedded lizard skin in the area Janet seen first. The drone navigates through a smaller tunnel that opens Into a chamber littered with an uncountable amount of lizard eggs. Inside are twitching limbs, elongated snouts and flickering tounge testing the air in the egg. Some eggs are broken, their vicious Contents leaking in the cave floor. A single hatchling the size of a dog stands on top of a few of the eggs. It head jerks mechanically As it sniffs the air, it's movements are unsteady But it's glowing yellow eyes fixate directly on the drone. The drone pans left and passes a lizard nigga hatching. The eggs splits open to reveal A groutese mixture of Human and repite features with black skin and unnervingly similar hands hinting towards evolution. The drone pssses through another tunnel revealing a nursery where caretaker lizards are caring for the young. They ooze thick black fluid into they mouth feeding them. One of the caretakers freezes, its nostrils flare And its head twist unnaturally towards the drone. It begins to scramble across the young and other nursing lizards attracting their attention as the drone pulls back and changes direction. Dozens of eggs begin to burst open and shit starts to pop off. The drone hovers frantically as it tries to make a getaway but it's shortly overtaken by nursing lizards and baby lizard niggas. The screen is filled with slime and teeth until it messes up and breaks. The scene cuts to Janet bookie and Shameka standing staring at the control screen she was operating the drone with.

JANET

Yeah.. I'm good on this cave shit

The three begin walking back the camera speeds ahead of them to the carving on the desk that's now glowing until it fades to black. The next morning things are going kind of normal in the common area

INT. PYRAMID

JANET

(Walking out fast asf)

I'm finna go get some help ill be back

Everyone sits around stun trying to process what she said. Lynnzee taps bookie as if to say go talk to her. Bookie get up and chase her down as she walks to a "space ship"

EXT PYRAMID

BOOKIE
(Grabbing her arm)
Janet, hey Janet

JANET
(Snatching her arm away)

BOOKIE
What you mean you finna get help

JANET
(Getting in "spaceship")
Like I said, we out manned or lizarded
or whatever

BOOKIE
(Looking hopelessly)
Janet

JANET
(Looking sincerely)
Trust me

Janet closes the door and "takes off". Some of the crew
assembles behind Bookie.

NIA
Where's she going

BOOKIE
(Looking up)
To get some help I guess

NIA
From what?

BOOKIE
(Regaining focus)
Let's go

The crew begin to walk back to the pyramid.

INT. PYRAMID

PORTIA

That's kinda fucked up Janet just

What yall know that got Janet running

(More serious)

PORTIA (CONT'D)

The next orbit with the mothership

Bookie

BOOKIE

SHAMEKA

(Interrupting)

They're breeding

NIA

Huh? How you know ...

SHAMEKA

(Interrupting)

PORTIA

SHAMEKA

They got nest, with 100s maybe

BOOKIE

They got a whole city

TINY

SHAMEKA

TINY

How's that gonna affect our mission

SHAMEKA
I don't know but ...enough... The only
thing we can do is be prepared for
anything

BOOKIE
Yeah so...

NIA
(Storming off)
Yeah nothing nigga

The crew walks away from bookie to start a counter offensive
against the lizard niggas

SHAMEKA
(Talking to bookie)
What you think she finna do?

BOOKIE
I don't know

SHAMEKA
She never let us down before

INT. JANET SPACE SHIP

Janet is inside her spaceship with a facial mask, hair in a
bonnet, painting her toes watching a show

A.I.
Well be arriving to the destination
shortly

JANET
(Hoping up Ang getting herself
ready)
Oh shit, you could've said something
earlier

A outpost appears outside of her ship. It lands on a surface
that looks like a desert. Janet steps out of the ship and
begins to walk towards a building that turns out to be a sex
shop

INT SHOP

SHOPKEEP
hello

JANET
Where's Xarion?

SHOPKEEP
(Walking from behind the register
pointing at a selection of dildos)
Oh I don't think I heard of that model
but we have

JANET
(Interrupting)
Don't play with me lady, Xarion NOW

SHOPKEEP
(Walking past Janet to a back room)
Bitch

Janet looks around the sex shop until the shop keep returns.

SHOPKEEP (CONT'D)
(Handing her a burner phone)
He said give you this

JANET
(Shyly asking and pointing at a
dildo)
Umm... how much is this one?

Janet walks out the store with a bag with more than the dildo
in it calling Xarion.

JANET (CONT'D)
(Holding the phone to her ear)
This Janet

XARION
I figured, meet me at Casey's

Janet hangs up and walks to a train with "Casey" graffiti on
in. An unsuspecting man sits next to her as the train comes
to a halt.

MAN
Don't miss your stop

The door opens and Janet walks out. A car flashes it lights
and Janet walks towards it and get in the back seat.

XARION
Long time

JANET

It would've been longer but I need your help.

XARION

You never been the lady that ever needed help. Where's Bookie?

JANET

Definitely minding his business
(Showing him lizard niggas on her phone)
You ever seen anything like this?

XARION

What is that, some type of lizard nigga?

JANET

(Putting phone back in purse)
That's what I said

XARION

I don't know, don't look like something I wanna get involved in. Why ain't you just go to the council?

JANET

I'm sure they know more than they telling

XARION

They always do, that's why I left when I did, ok, let's say i decided to entertain you and these lizard gentlemen, what's in it for me?

JANET

gold... you gotta mine it yourself tho

XARION

(Inspecting the gold)
I can't promise nothing

JANET

(Getting out the car)
It's good, I don't need promises, I need an army

The train passes in front of the car transisting back to the pyramids from pyramid graffiti on the train

INT. PYRAMID

Nia and Portia are sitting in the living room, half buried in blankets watching scary movies eating popcorn and snacks.

NIA

You think she coming back?

PORTIA

I don't know, I mean who ever really knows with Janet? She sound like the dickheads in this movie

(Mimicking the movie)

Let's split up

NIA

(Laughing at Portia and flinching at the scene)

Ohh ...He did him dirty..

PORTIA

(Sitting up attentively pausing the movie)

You hear that?

NIA

naw, what was it?

PORTIA

It sounded like some scratching or something

NIA

(Unpausing the movie)

You tripping

Nias voice trails away as the camera crosses the room to a shadow figure crossing the window And returns back to them

NIA (CONT'D)

Besides, bookie had us lock this mf down like Fort Knox

PORTIA

I can't wait til they kiss and make up, she need some dick she been beyond a bitch lately

NIA
 he need to learn to stay outta hoes
 faces

The main character of the horror movie, a rugged man covered in blood looks at Portia and Nia and chuckles at the comment then continues to do horror movie shit. Nia and Portia look at each other. Nia gets up to go grab some wine from the refrigerator, returns and pours them a glass. On the scene the main character is in a house eerily similar to theirs, even the bulb flickers at the same time. The killer Pauses and looks around confused

NIA (CONT'D)
 (Surveying the living room)
 Portia why does that look like..

The movie glitch, the frame distorts, the volume dips And warps like it's saying something.

The screen returns to normal, Portia leans forward and grabs more popcorn. The movie rewinds A few seconds Playing a line of dialogue out of sync. The main character is standing over a dead woman breathing heavily than he suddenly stops. His Head tilts up Is now looking through the television like a window And his eye flick upward like he heard something. The killer turns his head slightly towards the camera. His expression changes and the tv glitches again. The killer is in screen with his eyes locked on them.

NIA (CONT'D)
 Portia, cut this shit off

Portia presses the button but the tv won't respond. The killer slowly turns his head looking at them, Behind him the body of the woman is twitching Looking directly into the camera. The killer taps the screen and it cuts off. A loud bang erupts in the hallway. The lights go out and the tv cuts back on to grainy surveillance footage Of the character from the movie walking down the hallway of the

PORTIA
 (Pulling her gun out)
 I know you fucking lying

Portia and Nia walk with their guns drawn towards the hallway where the killer appeared on the screen but nothings there.

PORTIA (CONT'D)
 (Putting her gun back up)

Maybe we need to...

They both get attacked by lizard niggas eating their skin flickering they younger in their ears. The camera pans to movies hallway surveillance footage where the killer is still walking

Smash cut to Janet jerking out of the dream she was having to find the scratch she got earlier glowing. The glow from the scratch turns to the glow from the sun outside the pyramids

EXT PYRAMID

Bookie fixing some obscure on the pyramid talking to Lynnzee smoking a blunt.

BOOKIE
(Passing blunt to Lynnzee, blowing
out smoke)
Now this bitch locked down like Fort
Knox.

Portia and Nia walk up

PORTIA
Ok... Shameka went to go get some help
or something too?

BOOKIE
What you mean

PORTIA
I mean, she ain't here

BOOKIE
She ain't far

NIA
She ain't picking up her phone either

BOOKIE
She don't ever pick up her phone

NIA
I know but... this feel different

BOOKIE
I think I know where she is, yall
wanna go swimming?

The girls look at each other confused and it cuts to bookie, Nia, Portia, and Lynnzee walking to the secret grotto

BOOKIE (CONT'D)

I think it's over here

They step out the clearing revealing the grotto

LYNNZEE

So this the type of shit yall be doing behind our back?

NIA

This dope!

BOOKIE

I guess this Janet and Shameka spot

PORTIA

Well she ain't here so...

The group begins walking closer to the water's edge

LYNNZEE

(Nodding towards shameks shoes neatly and dilibertly placed by the water)

But her shoes are

The group walks a little faster to examine her shoes but before they do the notice a set of human footprints and a set of lizard nigga footprints.

NIA

(Analyzing the footprints, tracing them with her finger)

It look like... she followed them ..no running, sign of struggling or nothing

The group begin to cautiously follow the trail of footprints. The footprints disappear as they get closer to the wooded area.

PORTIA

(Running up and kneeling to retrieve an item, holds it up)

Her necklace

BOOKIE

She must be leaving clues, let's keep
going this way

The crew makes their way deeper into the forest.

LYNNZEE

(Slapping at a mosquito on her arm)
see , unt unt

The crew continues for a moment until they come across her
phone with a half written text "They know" Then the battery
dies.

NIA

They know, know what

BOOKIE

(Grabbing her phone and staring in
the distance further down the
trail)
Obviously something we don't

The crew continues to follow the breadcrumbs Shameka left
until they come to a fork in the path.

BOOKIE (CONT'D)

Okay. Let's not split up.

PORTIA/NIA/LYNNZEE

(Simatiniously)
Right

BOOKIE

Which way yall think they went?

The camera cuts to a lizard niggas perspective from the trees

LYNNZEE

I don't know, but I really don't know
would wanna go "towards" These
Jurassic Park ass niggas, I thought we
was on the same page

NIA

Lynnzee

LYNNZEE
 I'm just saying.. this nigga was
 talking shit about her and Janet all
 day and yesterday
 (Mimicking Bookie)
 "And those hoes.... Swear they know
 everything"

BOOKIE
 I ain't say it like that

LYNNZEE
 Yes you did

PORTIA
 (Stoically nodding down one of the
 paths)
 This one

BOOKIE
 How you know that?

PORTIA
 (Confidently walking away)
 Water.. I can hear water running this
 way..

The crew begins to follow Portia. The camera is still from
 the lizard niggas perspective as he makes his way through the
 tress keeping up with the group.

LYNNZEE
 (Continues to mimic and tease
 bookie)
 "She ain't even call me for my
 birthday", that's you that's how you
 sound

BOOKIE
 Well shit. She didn't.

The crew continues to walk unaware that they're being stalked
 by a lizard nigga until it's too late and he lands on Lynnzee
 lagging behind.

LYNNZEE
 (Screaming)
 Ahhhh

Everyone turns around and begins to draw their weapons but the lizard nigga digs his claws slowly into her neck which forces them to put their weapons down. The lizard nigga sniffs the air like he's tryna to lock in on a scent and locks eyes on Bookie. The lizard nigga throws Lynnzee back to the crew and runs off in the forest.

BOOKIE

You aight?

LYNNZEE

Yeah, kinda.. not really. The fuck was that about?

BOOKIE

I don't know, but I think we getting closer, Portia, how far you think that waterfall is?

PORTIA

I don't know nigga

Bookie looks are her like...bitch

PORTIA (CONT'D)

What you wanted me to say
(Mimicking)
500 paces up yonder

I don't know nigga this way

Portia leads the crew while Nia helps Lynnzee nurse her wound

PORTIA (CONT'D)

And what's your plan when we get here

BOOKIE

I haven't thought that far

PORTIA

Well imma need you to start thinking.
Cuz I got a lot of questions.

They emerge From the trees And stop in front of a wooden bridge.

PORTIA (CONT'D)

For example who built this big ass bridge? How many lizards you know with an architecture degree?

NIA

If they can build this what else can they do?

LYNNZEE

I don't know but my neck starting so hurt so what we finna do?

PORTIA

we don't know what's on the other side of this. You know I'm yo girl a thousand pearls but..

BOOKIE

(Interrupting)

Let's split up

PORTIA

Why would we do some..

BOOKIE

(Interrupting)

nia, you come with me cuz you ask less questions. Portia take this girl back before..

PORTIA

(Pushing pass me)

We was supposed to be going swimming

Bookie and Nia watch while Portia and Lynnzee walk back towards the pyramids.

NIA

You know she right tho

BOOKIE

About what?

NIA

We was supposed to be going swimming

The camera tightens in on them and cuts to where Shameka is being held. She's in a "luxury" lizard nigga lair eating grapes or something.

SHAMEKA

So you telling me the council basically sent us on a suicide mission

LIZARD NIGGA
(Speaking telepathically)
basically

The lizard nigga throws Janet's phone on the table showing Janet recording herself jumping off the spaceship in the opening scene where she destroyed most of the lizard niggas along with the dinosaurs she intended to kill with the meteor that she post on instagram.

LIZARD NIGGA (CONT'D)
(Speaking telepathically)
And she killed all our ancestors

SHAMEKA
Yeah, Janet be Janeting

LIZARD NIGGA
(Speaking telepathically)
She's coming back, we need your help

SHAMEKA
(Looking around the room and
pointing at herself)
Who me?

LIZARD NIGGA
(Speaking telepathically)
Not just us, your friends too, she doesn't understand the balance this planet needs. Every species, from walking to shitting out seeds to spread vegetation, this a habitable zone for life. We exhale carbon dioxide, the trees inhale it and give us oxygen. The water falls from the sky, waters the planets nourishes the soil then returns to the sky.

SHAMEKA
(Still eating grapes)
I get where you going, but, how am I supposed to help?

LIZARD NIGGA
(Speaking telepathically)
We need the DNA of as many species we can so we can use it to breed more so life can continue.

SHAMEKA
Damn, she tryna fuck yall up that bad?

LIZARD NIGGA
(Speaking telepathically)
You're free to leave if you wish, but
you're perish slowly with no resources
once the smoke clears.

SHAMEKA
(Standin up)
Aight, I'll be back, let me let these
hoes know I'm okay
(Grabs more grapes)
Take a few of these

Shameka walks out a hallway, out an opening, and down some stairs. After like 49 seconds of eating grapes and scrolling on her phone she reaches the bridge and begins crossing it and sees bookie and Nia.

BOOKIE
(Lightly jogging up to her)
You ok

SHAMEKA
(Popping the last grape in her
mouth)
Yeah I'm good, I was just on my way
back

NIA
(Walking up)
You straight, what happened?

SHAMEKA
Let's talk about it over a blunt.

The trio begins to walk back across to the beginning of the bridge. Bookie starts pulling out shit to smoke and roll up.

BOOKIE
So?

SHAMEKA
So we smoke this blunt

The trio continues to walk. Cut to them half way through the blunt laughing.

BOOKIE
 (Passing the blunt to Shameka)
 Thst sound like some Noah's ark shit

SHAMEKA
 (Giggling)
 That's what I said

NIA
 I know you're not thinking about
 helping em tho

SHAMEKA
 Actually, I am, Janet has good
 intentions but foresight..ummm

BOOKIE
 Shameka

SHAMEKA
 Bookie.. what?

NIA
 So you siding with lizard niggas?

SHAMEKA
 I'm siding with survival

BOOKIE
 Survival? You talking like Janet
 Would..

SHAMEKA
 (Interrupting)
 I'm talking like We been pawns in a
 game we ain't know we was playing.
 Look I'm not saying they right, and
 I'm not saying Janet wrong either. But
 I AM saying We ain't passengers on
 this ride no more.
 (Flicks blunt)
 Boss up.

Shameka flicks the roach And walks back across the bridge
 towards the lizard nigga lair leaving bookie and Nia looking
 at each other like damn. Bookie gets a text on his phone from
 the council.

"Mission successful, extraction team en route"(something like)

BOOKIE
(Showing Nia his phone)
Look at this shit

NIA
So what we do now

BOOKIE
(Looking at where Shameka walked
off from)
Boss up apparently

INT. PYRAMID

The fog from the bridge helps the scene transition to Smoke from a bong back at the pyramids. Portia, Lynnzee, and the rest of the crew debates their predicament gathered in the living room.

TINY
(Exhaling smoke)
I could've been a ballerina

BOOKIE
(Rushing in the room)
Who called the council

TINY
They called us, looking for you or Janet or Shameka. I just told em yall wasn't here, why?

NIA
They been playing in our face the whole time

PORTIA
(Becoming attentive)
Wait what where's Shameka ? Yall didn't find her?

BOOKIE
She found us

PORTIA
And

BOOKIE
It's complicated

NIA
No it's not, the council been using
this planet as some type of
experimental farm, seeding religion,
culture and war, And this like the 3rd
time they restarted civilization here
and they been using us as bsit to see
if we have natural predators so they
can see if the can survive. They told
us it was to terraform it so we all
can come but it's really just for the
council and elites and shit, it's more
too it

KALEB
Ok, but where's my sister

NIA
Oh, she stayed to help the lizard
niggas .. do something.. I was too
high and overwhelmed by the time she
explained that

BOOKIE
She's aight, doing some science shit

Kaleb walks away confused and pissed

BOOKIE (CONT'D)
Well.. none of us wanna get
extracted..or ate

KALEB
(Walking back in)
Imma need yall to come here real quick

The crew looks at him confused

KALEB (CONT'D)
Now.. I don't be talking for my health

The crew scrambles outside to see it littered with space
ships

PORTIA
So much for not being extracted

One of the ships land and Janet gets out

TINY
Shit, that's not like it's better

BOOKIE
Go inside

PORTIA
What

BOOKIE
Just go, I'll go talk to her

Bookie walks towards Janet as the crew walks back inside the pyramid. He steps in the ship and it takes off. The song begins softly, setting a dreamy tone as the camera pans across the breathtaking cosmic landscape. As the scene begins, They begin seeing swirling colors, fractals in every corner, and slight distortions in each other's faces.

- Camera Angle: Close-ups show Janet's dilated pupils, filling with shifting galaxies, while Bookie's fingers leave trails of stardust as he reaches out. Every detail in the cabin pulses with a heartbeat rhythm, as if the universe itself is breathing with them.

reality completely unravels. The spaceship interior melts into kaleidoscopic colors, morphing into endless patterns that seem to fold over themselves like origami, creating a new reality in each fold. Janet and Bookie lose track of their bodies, floating in a cosmic realm of twisting galaxies and vast nebulas. Faces of entities appear in the colors, whispering secrets, guiding them deeper. Janet reaches out to touch one, and it dissolves into fractal geometry, shifting and vibrating to the rhythm of their heartbeat.

- Sensory Changes: Every sound has a color, every smell has a texture. Janet can "hear" Bookie's heartbeat as bursts of blue, while Bookie "sees" her laughter as warm, golden waves rippling through space. They can feel themselves dissolving, merging with the stardust.

Every thing slow down to a surreal, dreamlike pace, Their surroundings dissolve further, shapes and colors distorting, shifting faster than they can process.

Visuals: The camera shifts from a rapid zoom-in on their faces to expansive wide shots of a cosmic landscape shifting before their eyes. Janet's fingers become stars as she reaches for Bookie, and he sees her face fragmenting into a

mosaic of memories, each piece reflecting a different lifetime they've shared.

As Janet and Bookie's faces blur and merge into each other, they see flashes of alternate realities: lives where they were together on Earth, as lovers, rivals, friends across centuries.

Their forms completely dissolve, merging with the energy around them as they become pure consciousness. The spaceship fades away, leaving only swirling galaxies. Bookie and Janet's voices echo in their minds, but their bodies are gone, replaced by energy threads weaving through the cosmos. They see alternate dimensions where they are stars, planets, celestial bodies orbiting each other.

- Camera Movement: Sweeping shots across these cosmic landscapes give a sense of scale, awe, and infinity. Close-up shots zoom into nebulae and star clusters that pulse in sync with their voices.

They experience the deep paradox of their existence—utter insignificance in the vast cosmos and yet an intimate, profound connection with it all. The visuals become distorted yet beautiful: flowing colors, sacred geometry, celestial bodies colliding and creating new star systems. The turn into different versions of Janet. As the song reaches the end Janet walks to the edge of her ship lighting a piece of blunt, she flicks it over the edge and it lands in the arctic giving the sign for xarion and his men to drop a nuke.
